

NX300

NX300 Pro Battery

The new NX300 Pro Battery is the next generation in battery performance.

Achieve peak productivity for an unbelievable amount of cycles – saving you time & money.

60% increase in available energy achieved through extensive research & development of a new 30 cell battery design

Key Features

- **1 Hour* Fast Charge**
Recharged to 80% in just an hour and ready to go for every product in the NX300 range
- **Longevity**
Made for the long haul, the NX300 won't let you down. Engineered and tested for longevity in commercial environments. Delivering over 2500 charge cycles (10 years of daily use).
- **Runtime**
Each product in the NX300 range is engineered to optimize the NX energy storage to provide the right balance of runtime and power for every cleaning task
- **One Fits All Productivity**
The convenience, safety and power of Pro Battery plus reduced costs and lower maintenance by utilizing a single battery and charger system.
- **Ease of Use**
Easy-reach carry handle and quick-release button for fuss-free battery change and charging.
