

Get a great shine with Tennant's ultra-high speed Burnishers!

FM-20-SS/20-DS

Hard-working floor machines that provide powerful floor polishing, scrubbing and stripping, yet operate quietly enough for use in schools, offices and hospitals.

BR-2000-DC

Very high speed polishing provides exceptional shine while controlling dust.

BR-1600-NDC

A versatile, high-speed, corded burnisher that provides a quality, high-gloss finish on a wide range of finished floors.

B5/B7

It produces high-performance results and a shine similar to propane appliances, without the exhaust fumes or the cost and hassle of storing propane tanks.

B10

The ride-on burnisher offers fast and easy polishing for large surfaces with 20% more power than the leading competitor's machine, resulting in shiny, glossy floors.
