- Phosphate free / solvent free / NPE free
- Hard water tolerance
- Organic soil tolerance
- No added fragrances
- Neutral formula

For Use On:

GLDI-501 SCENT FREE HOSPITAL GRADE CONCENTRATED DISINFECTANT

GLDI-501 kills bacteria, viruses, fungi, mold & mildew. It is a phosphate-free formulation designed to provide effective cleaning, deodorizing, and disinfection where housekeeping is of prime importance in controlling cross-contamination from treated surfaces. This product is formulated to disinfect hard non-porous inanimate environmental surfaces. For larger areas such as operating rooms and patient care facilities, this product is designed to provide both general cleaning and disinfecting.

Directions:

DISINFECTION: To disinfect inanimate, hard non-porous surfaces add 8 mL of this product per liter of water. Apply solution with a mop, cloth, sponge or hand-pump trigger sprayer so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes, then remove excess liquid. For heavily soiled areas, a pre-cleaning step is required. Prepare a fresh solution for each use.

Safety Reminder:

Before using this product please ensure employees read and understand the product labels and Safety Data Sheet (SDS). Directions for use can be found on the label. Additionally, employees can find hazard warnings, precautionary statements and first aid procedures on the SDS sheets. SDS are available online at superiorsols.com or by calling 1-800-921-5527. Improper use may result in damage or injury.
